

- The structure of methyl 4-aminobenzoate, (**E**), is given below.

**Marks**  
**2**

Give the molecular formula of compound (**E**).

Name the functional groups in molecule (**E**) indicated by the boxes “**a**” and “**b**”.

|           |           |
|-----------|-----------|
| <b>a:</b> | <b>b:</b> |
|-----------|-----------|
